

Transylvania's Heritage by bike

9 days / 8 nights

This trip will introduce you to the Carpathian Mountains and Transylvania, known as a mysterious and spectacular land, famous through Bram Stoker's legend of Dracula and well-known for its forests sheltering so many species of wild plants and animals.

Transylvania, surrounded by the Carpathian Mountains, was also a much sought for land. That is how the Saxons arrived here in the 11th century to guard the Carpathian Mountains passes between Transylvania and Wallachia against the Tatars and the Ottomans. But this is just a hint of the rich heritage that you will discover during this entire trip. An exceptional holiday is awaiting for you!
