EQUIPMENT TO TAKE

- Walking Boots Should be sturdy and of good quality to handle all types of terrain. Ankle support is important. Leather, with a good durable sole, is the most suitable or, for people who prefer a more lightweight boot, Cordura/leather boots which have Gore-Tex or sympatex waterproofing. They should be well broken in and be of correct fit. Proof your boots before you leave home. Waxing your boots regularly prolongs their life.

-Lightweight walking shoes/sneakers For wear around towns & villages. They can also be a backup pair for your walk.

-Socks & Underwear Take only good quality socks with wicking and insulating qualities. Road test them before you go on the

trip to be sure they are comfortable with your boots. Take a suitable quantity of underwear (washing facilities are limited).

-Several Shirts and Walking Trousers T-shirts preferably with collar and at least 1 long-sleeved shirt for sun protection. If you sweat a lot it is a good idea to purchase at least one t-shirt in a breathable material. These are fast drying, keep moisture away from your skin and are available from outdoor stores. The quick-drying loose-fitting trousers are popular. You should bring one pair of the loose-fitting type trousers to wear in cities and for evenings etc. Shorts for warmer weather.

-Warm jacket Fleece Polartec or warm wool shirt for evenings. This will be worn a great deal; be sure it is totally suitable for your needs. A fleece jacket which blocks the wind (Windstopper) is the most preferable.

-Waterproof Jacket & Pants Must be waterproof, not shower proof, Gore-Tex is best. It must fit comfortably whilst wearing warm clothing and wearing your rucksack. It must have a proper hood, zipper flap and storm cuffs and come down over hips. Pants should have a zip on the side of the leg to make it easier to get them on quickly over boots.

-Daypack 24-35 liter rucksack is sufficient – make sure that it can hold all of your daily requirements such as water bottle or bladder, camera, warm clothes, and waterproofs.
