

The Carpathian Mountains, villages and castles - guided version

8 Days / 7 Nights

This 8-day guided walking adventure through the most appreciated Carpathian Mountains is a must do! Romania is a wonderful, bucolic country in which village locals still rely heavily on craftsmanship and maintaining a strong link with the stunning nature. The Piatra Craiului and Bucegi Mountains are very well preserved and offer the perfect setting for an unforgettable hike. Inside these pristine natural parks, you will be amazed by an incredibly rich fauna and flora and more so, you will also discover the pastoral way of life which is still full of traditions. Apart from this, these fabulous mountains, which are home to exceptional natural conditions offer a very strategic advantage. It is why fortresses were erected here to protect the Transylvania borders. In the 14th century, the Saxons built the Bran fortress. This magnificent castle had a protecting role against Ottoman invasions and the migratory peoples. However, it is, above all, associated with the prince Vlad the Impaler of Wallachia, the character at the origin of the fictional character of Dracula.)

We make our way to our hillside lunch spot with a gentle walk. Our lunch spot is picturesque as it overlooks a very remote farm house that has no electricity and no running water, and is owned by a charming local farmer herding his cattle with not a care in the world!! After lunch we follow a good terrain before descending a very steep hill (500m). The descent is paired with fantastic views of Bran Castle so take your time, go slowly and take it all in. When we reach Bran you can choose to go inside or simply explore it from outside. Most people know Bran Castle as "Dracula's Castle", from Bram Stoker's novel. This story is loosely based on Vlad Tepes who ruthlessly defended this part of Transylvania, and in the process, the legend of his rather gruesome killings inspired the story of Dracula. Bran Castle it's an amazing example of 14th century Gothic architecture that looks like it was carefully placed on top of a mountain. Going to Bran Castle one can really experience the feeling of what it was like to live in those times and places. As you wander through the mazes of rooms, stairways, secret passages and levels connected with wooden ladders, it's easy to imagine the history and secrets hidden there. It's on mountaintops, so you can walk around outside for great views and fresh Carpathian Mountain air. After we have had ample time to explore we will have a private transfer till our guesthouse.

EQUIPMENT TO TAKE

- Walking Boots Should be sturdy and of good quality to handle all types of terrain. Ankle support is important. Leather, with a good durable sole, is the most suitable or, for people who prefer a more lightweight boot, Cordura/leather boots which have Gore-Tex or sympatex waterproofing. They should be well broken in and be of correct fit. Proof your boots before you leave home. Waxing your boots regularly prolongs their life.

-Lightweight walking shoes/sneakers For wear around towns & villages. They can also be a backup pair for your walk.

-Socks & Underwear Take only good quality socks with wicking and insulating qualities. Road test them before you go on the trip to be sure they are comfortable with your boots. Take a suitable quantity of underwear (washing facilities are limited).

-Several Shirts and Walking Trousers T-shirts preferably with collar and at least 1 long-sleeved shirt for sun protection. If you sweat a lot it is a good idea to purchase at least one t-shirt in a breathable material. These are fast drying, keep moisture away from your skin and are available from outdoor stores. The quick-drying loose-fitting trousers are popular. You should bring one pair of the loose-fitting type trousers to wear in cities and for evenings etc. Shorts for warmer weather.

-Warm jacket Fleece Polartec or warm wool shirt for evenings. This will be worn a great deal; be sure it is totally suitable for your needs. A fleeced jacket which blocks the wind (Windstopper) is the most preferable.

-Waterproof Jacket & Pants Must be waterproof, not shower proof, Gore-Tex is best. It must fit comfortably whilst wearing warm clothing and wearing your rucksack. It must have a proper hood, zipper flap and storm cuffs and come down over hips. Pants should have a zip on the side of the leg to make it easier to get them on quickly over boots.

-Daypack 24-35 liter rucksack is sufficient – make sure that it can hold all of your daily requirements such as water bottle or bladder, camera, warm clothes, and waterproofs.
