

Villages of Bucovina and Maramures

9 Days / 8 Nights

Immersed in the Romanian counties you will discover a rural world which disappeared long ago in western countries. You will be permanently in contact with the rich peasant culture and the protected nature. You will visit two regions, Bucovina and Maramures. In these two regions, so close but so different, the inhabitants will help you to discover the village life and their crafts and to understand the mysteries of the painted monasteries and wooden churches which are now part of the UNESCO Heritage. All this, and many other discoveries, waits for you during this journey.

Bucovina will seduce you with its famous painted monasteries, with its rich culture (hailing from almost all the ethnic groups of Central Europe), with the crafts, with the field works in its hilly landscape and other wonders.

In Maramures, the wood work, result of a secular tradition, will fascinate you. This know-how transmitted from father to son is perfectly mastered by the craftsmen.

A soft and peaceful landscape will surround you during this unforgettable journey.
