The tour begins in Tulcea, with a transfer at 1:30 p.m. with the regular boat that transports all the locals from the delta. It will be a real immersion during which you will be already acknowledged by the way of living of the villagers: you will see how they get their supplies, what they transport, the animals they have in their backyard, etc. Approx. 2.5 hrs later, you will arrive in Crisan, in the heart of the Danube delta. Free end of the day to soak up the atmosphere of the delta or to take a short canoe trip, recommended just before sunset. If you like fish, your dinner will be a treat.t.
Accommodation in a local guesthouse in Crisan.
Meals included: Dinner.
Possible departure days: on Mon, Wed, Sat, Sun.

Day 2 - Boat ride to explore the south side of Sulina branch

Today, you get back in the host's boat to explore the Southern part of the Sulina Branch. You will discover the long canals as well as huge lakes that are home to large colonies of birds. You will be surprised by a contrasting landscape made by both large stretches of water and small forested canals you can hardly follow because of the aquatic vegetation. You continue this way until the afternoon when you reach again the village of Crisan.

Day 3 - Boat ride to Letea

This morning, another boat ride will take you discover another facet of the delta. You will cross many canals, lakes and ponds, places very rich in bird species. Your host will take you to the small hamlet of Letea. There you can visit this "forgotten by God" village with its traditional houses, dust streets and old-fashioned charm. This curious village is bordered by a no less surprising forest reserve where, next to centuries-old oaks, grow all sorts of exotic plants that have sprouted here thanks to the seeds brought by migratory birds. The guide will inform you about this magical land. Picnic at the water's edge. The order of these 2 boat rides could be reversed. In the afternoon you return by boat to Crisan from where you will take a public boat to Sulina.

Night in a nice guesthouse in Sulina.
Meals included: Breakfast, picnic,

Day 4 - Visit Sulina historical town and Black Sea

Sulina is an old port town where the Danube, after a course of almost 3000 km, flows into the Black Sea. A visit of this cosmopolitan town with its end of the world atmosphere is a treat: visit of the old lighthouse (km 0 from where the river is measured), the various churches and the international cemetery where you will find tombs standing proof of a mixed population. You can swim in the Black Sea. It is a rather wild beach, sheltered from the crowds.
Night in a nice guesthouse in Sulina.
