

Explore the Carpathians

5 days / 4 nights

This holiday invites you to discover what the mountains have best to offer. Many people already know the superbly colorful landscapes of this picturesque area of the Piatra Craiului National Park, but we invite you to discover them in depth. Hiking and biking trails on winding roads, guarded since ancient times by lofty ridges and dense forests, scattered houses hiding behind the rolling hills dotted with wild flowers and herds, breathtaking landscapes regardless of the season you admire them in. All this and much more awaits you, along with our specialized guide who will make this experience even more beautiful.

YOUR PROGRAM

Day 1 - The first night at the foot of the mountains

Day 3 - By bike or on foot, depending on the weather!

Day 4 - Villages lost in the mountains & an ethnography lesson

The last day of adventure will take us on the paths of the Bucegi Mountains, in bucolic landscapes that will offer you superb panoramas of the Piatra Craiului Ridge. We will discover the scattered villages, typical of the mountain area, where time seems to have stood still.

In order to gain strength after so much wandering, we will stop at the Stoian family's house, in the village of Fundata. We have the opportunity to visit a house more than 100 years old, preserved from generation to generation, we admire folk costumes, old pictures - all revealing the life of the people of these places, which seem to come to life from the fairy tales with Princes and stone castles. The host will serve us a sweet, homemade snack.

After such a treat we will head back to the pension.

We will end this holiday with dinner and a campfire, where we will share the stories of these days full of adventure, emotions and discoveries spent in the mountains.
